A farmer at Bluebills has twenty acres in water. Hattie Carr of Portsmouth will teach one of the colored schools in this county the coming year.

Take stock in 19th Street Limestone Building Association. Books now open. Call on any of the officers.

R. C. Bland, David Hunter and James N. Kirk have been appointed to appraise the personality of the late James Tucker.

Grayson has been making extensive preparations for the G. A. R. Reunion which convenes on the 29th. It will be held at their magnificent Oakland Park.

Don't fill your coalhouse with poor Pomeroy coal when you can get Black Band, Chesapeake or Semitunnel Coal at the same price at William Davis's Coal Yard, near Limestone Mills.

Mr. John J. Heiser, son of the late John Heiser of this city, a member of Company F, Sixth Infantry, arrived this week at Fort Thomas from Montauk Point. He said that the men were anxious to return to Cincinnati, most of them being reduced to skin and bone.

DeWitt's Hazel Salve has the largest sale of any Salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look for the man who attempts to sell you when you call for DeWitt's Hazel Salve the great cure. Henry W. Ray, adjoining Postoffice.

Yesterday afternoon Mr. John H. Catron, aged 21, and Miss Affie J. Catron, aged 19, accompanied by Miss Ethel Frasier, all of Washington, drove to this city, where they procured a license and Judge Newell, who made the two former man and wife. It was quite a surprise to their many friends, who congratulated them upon their return by the inexpressible route.

At the solicitation of several property holders, the city authorities, only a few short years ago, built a magnificent sewer, extending 800 feet West of Schultz street. It was then the purpose to have all occupants along its line tap it and run their kitchen slops, etc., into it. Now, however, the city is building a gutter so these slops can be run on the surface. This is a fair sample of sanitary engineering of the Mayville city.

Recently some of the incredulous attaches of the Streetcar Company rigged up an electrical apparatus at the Barn, which, by a touch of the wire at one end, emitted "spirit rappings" at the other end. This was alarming to the credulous fellows, more than one of whom had hair standing on end. A day or two since, however, the credulous crowd "rumbled in the racket," and now the incredulous fellows are lost for further sport.

Sunday at 4 p. m. at the Y. M. C. A. the service will be devoted to a special thanksgiving one. That the War is at an end and Peace Proclaimed! Prof. H. E. Gabby is the leader. Brief talks appropriate for the occasion will be made by Rev. F. W. Harrop, Messrs. H. E. Gabby, W. H. Cox, L. M. Lane, Allan D. Cole and W. H. Ryder. Miss Corinna Chickenshead will recite "The Curtain," with violin obligato by Miss Mae Burgess. Mrs. Hiram Chenoweth will sing a solo accompanied by Mrs. Randolph Madison who will also play the special hymns sung. Lemonade will be served during the service. Let every loyal citizen attend this splendid service.

Regular annual meeting of the stockholders of the Mayville City Gas Company will be held on the 10th day of September at 10 o'clock a. m. at the Mayville City Gas Company's office, 10-12 East Third Street. All stockholders are requested to be present. For other business that may be properly brought before the meeting, call on M. J. COCHRAN, Pres.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

HUNGRY GRASSHOPPERS.

They Eat Up the Entire Washing of a Kentucky Woman—They Were After the Starfish Then in Their Teeth.

POWELL GREEN, Ky., Aug. 27.—The grasshoppers of this county have been playing havoc with the corn crop around this section for some time, but not until Thursday were they known to eat up a washing of clothes. Mr. Frank C. Girard, former grand master of Kentucky masons, has just returned from a visit out in the country and brings with him a story of this feat having been accomplished. It being wash day the family washing was done, the clothes well starched and hung on the line to dry. When they went to take them in, in the evening, almost every garment was in shreds. The soft paste or starch on the clothing had proved a deadly morsel for the hungry hoppers and they had made a feast of it.

Louisville Tobacco Markets.

LOUISVILLE, Ky., Aug. 27.—The closing day of the week showed little change in the local tobacco market. The few changes noticed were all for the better. Offerings were light, aggregating but 35,000 pounds, divided into 31 barley and 4 dark. The quality of the barley offerings was the same as on the preceding days of the week. The lower grades continued to be in the greatest demand. There was practically no difference between the market Thursday and Friday. Of the 74 bales of dark tobacco all but five bales were sold. The market for the prices Friday were the most satisfactory of the week, and while not again fairly good values were realized.

Limitations of Whiskey Provisions.

LOUISVILLE, Ky., Aug. 27.—The promoters of the scheme to limit the production of Kentucky whiskey to five years are much disappointed. J. H. Thompson, of Harrodsburg, who has drawn up the official agreement, will be here Monday with the papers, and a tour of the state to visit the interested parties will begin. It is proposed to get the agreement in shape for the distillers' meeting, to be held at the fair house on September 1. It will then be brought to the notice of the representative producers of the state. The production in the limited scheme is calculated at 357,250 barrels annually, or 16,790,000 gallons.

Stole His Bride.

RICHMOND, Ky., Aug. 27.—Married band, a young farmer living near Louisville, this county, eloped with Miss Sidney Oldham, the pretty daughter of Charles Oldham, a prosperous farmer of the same locality. The marriage did not please the bride's father, who was very angry with her on her return, and compelled her to return to the parental shelter. The young groom laid his plans, and stole his bride back on the next night, and now has her secured safe against his irate father-in-law, and says he will hold her against all odds.

Victims of Bad Treatment in Camp.

NEWPORT, Ky., Aug. 27.—Louis Knarr, a victim of the medical system in the military camp at Chickamauga, died early Friday morning at the home of his father, Fred Knarr, 232 West Ninth street, Newport. Knarr arrived in Cincinnati Tuesday with 33 other sick soldiers from Chickamauga. He was so weak that he asked to be allowed to die on the train.

Big Jones Captured.

PINEVILLE, Ky., Aug. 27.—Big Jones, who conspired with James Brown to blow up the Bell county jail, is now shackled in the jail he plotted to destroy. Sheriff Broughton is in pursuit of Gambriel, the other person charged in the same case.

May Be Sent to Havana.

LEXINGTON, Ky., Aug. 27.—Col. Colson thinks his 4th Kentucky will yet go to Havana, as the 1st Wisconsin has been ordered brigaded with Gen. Wiley, instead of the 4th. Col. Colson is awaiting orders to move to Jacksonville.

Earnings of the Convicts.

FRANKFORT, Ky., Aug. 27.—Ben C. Weaver, of Louisville, has filed his report of the invoice taken at the local penitentiary. The report shows that the convicts have earned but 25 cents per day under the contract system.

Murder Case Continued.

LANSCASTER, Ky., Aug. 27.—The case of a witness in the case of William McCoy, charged with the murder of his father-in-law, David Whitehead, in 1899, caused a continuance of the case until the November court.

Methodist Preacher Withdraws.

LOUISVILLE, Ky., Aug. 27.—Rev. Henry Gay Morrison, an evangelist widely known, has withdrawn from the Southern Methodist church because, as he says, it will not let him preach where he wants to.

Kentucky Pensioners.

WASHINGTON, Aug. 27.—The following Kentuckians were pensioned: Original—Calvin T. Winter, Louisville; George Johnson, Treva; O. S. Reuter and Increase—Lafayette H. McClung, Butler; R. to \$15.

THE BOXER'S GUIDE.

A Big Wheat Crop For 1899.

That's our prediction for Mason, Bracken and Robertson counties. We make no pretensions in the way of fortune telling; neither are we a prophet. We are simply gifted with a goodly amount of "horse sense." We know that there will be a good wheat crop next year, because the bulk of the wheat sown this fall will be sown with Empire Disc Drills, and they make no mistake. Empire Drills are positive and absolute. They do exactly what they tell them to do. The Empire Disc Drill is the only positive feed drill made. It will feed the same quantity of wheat, rye, oats or barley with the same gear. Size of the grain cuts no figure with the Empire. You do not have to sow four or five acres before you know what you are doing as with other drills. The Empire has telescoping steel conductors which never break or choke up as do the old-fashioned rubber conductors. The Empire drag bars are fastened to the top of the boot, five inches higher than on other drills and trash will not choke and stop the Empire.

EMPIRE WHEAT DRILL.

will drill corn successfully. Remember, the Empire is a positive feed drill, and the only one on the market. The grain is gently lifted into the conductors by a large, saucer-shaped part which is made to rotate by a square shaft. Only so much grain can be lifted and fed as this part will hold, and in order to sow a large or small quantity of grain per acre you simply put a large or small cog wheel on this shaft, which makes the round, saucer-shaped lift revolve faster or slower. Each cog wheel is numbered and guaranteed to sow an exact quantity of any grain per acre—wheat, rye, oats, barley. The Empire has tapering axles like a thimble-shoe wagon, and a peculiar wheel, a wheel that we will guarantee will not rub the boxes in five years, as on other drills—no, not in twenty-five years. Buy the best. Buy the Empire and take advantage of 48 years experience. The factory now offers you the result of a lifetime's study and invention, viz: The Empire Disc Drill. Ask your grandfather about it. Ask any old citizen if he ever heard of an Empire Drill. I can show you an Empire Drill that is 31 years old and still running. The Empire for 48 years has had a National reputation—known and used the world over except Mason county. The Empire is not a cheap drill. It costs the agent a little more than other drills. Perhaps that is why your implement dealers have never sold the Empire Drill here. Empire Drills are being exhibited and sold in Mason county now. I have shown this drill to at least 50 farmers in the last two weeks and every one is enthusiastic in its praise. Call, examine this wonderful machine and convince yourself. It is a pleasure for us to exhibit it. Call and see us.

JOHN I. WINTER, THE PRICE FIGHTER.

MAYSVILLE, KY.

Don't forget that Ray's Rainbow Paint is guaranteed as Postoffice Drugstore.

The C. and O. will run an excursion to Olinckum from Cincinnati Sunday, August 29th. Round trip \$1. Train leaves Mayville at 10:05 a. m.

The merchant who expects a share of the fall trade ought to begin advertising now. The bird that gets up early is the chap who gets the biggest breakfast.

Don't fail to place your "ad" in THE LEADER if you want the most for your money.

One thing that attracts many people to Cincinnati to buy goods is the bargain that Cincinnati merchants advertise in the Cincinnati papers. Maybe Mayville merchants might keep some of this trade in Mayville if they would advertise bargains in the Mayville papers. Suppose you try THE LEADER.

WHAT THE WAR COST.

The Bill Will Be About \$150,000,000, Leaving a Balance of \$210,000,000 of Congressional War Appropriation.

Although the war with Spain lasted only 114 days, it is estimated that it has cost the Government so far \$150,000,000, of which \$98,000,000 has been actually paid out of the Treasury. Beginning with March 1st, when the first increases in the expenditures in anticipation of war became apparent in the daily expenditures of the Treasury, the actual disbursements on this account have been approximately as follows:

|                      | Army.        | Navy.        | Total.        |
|----------------------|--------------|--------------|---------------|
| March .....          | \$3,000,000  | \$2,400,000  | \$5,400,000   |
| April .....          | 12,000,000   | 7,000,000    | 19,000,000    |
| May .....            | 12,000,000   | 7,000,000    | 19,000,000    |
| June .....           | 16,500,000   | 6,500,000    | 23,000,000    |
| July .....           | 29,500,000   | 5,500,000    | 35,000,000    |
| To August 13th ..... | 5,500,000    | 1,500,000    | 7,000,000     |
| Totals .....         | \$95,500,000 | \$32,700,000 | \$128,200,000 |

The appropriations made by Congress on account of the war aggregated about \$369,000,000, and cover the time to January 1, 1899.

The best grades of Kanawha and Semicanal Coal for less money than you pay for Pomery at William Davis's Coal Yard, near Limestone Mills.

More than twenty million free samples of DeWitt's Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, and it's sore, in the shortest space of time. Henry W. Ray, adjoining Postoffice.

Wanted—800 bushels Gravel, suitable for concreting cellar. Address, with price per bushel, delivered, "Waldo," Ledger office.

HAYSWOOD! FEMALE SEMINARY.

The fall session of this popular and well known institution will open the first Monday in September with a full corps of teachers. For terms and other particulars apply in person or by letter to the Rev. JOHN S. HAYS, D.D., Principal.

"The Blow Almost Killed Father!"

Two weeks ago V Crimp Roofing sold in Mayville at \$2 35 a square. Today V Crimp Roofing is selling at \$1 95 a square in Mayville, notwithstanding the fact that all factories advanced the price July 20 10 cents a square. The Price Fighter did it with his little hatchet. In two weeks he brought V Crimp Roofing down from \$2 35 to \$1 95. He claims to be your friend. Will you regard him as such? He claims that he is entitled to your consideration and preference.

V CRIMP ROOFING

U. S. 35 gauge, weighing 70 pounds to the square, only \$1 95, including the sticks, at the Price Fighter's. We will put a crimp in any man's price. A two-horse Farm Wagon, made of second growth hickory, complete with brake, bed and spring seat, \$47 25.

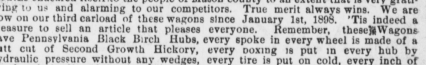

The long looked for come at last. Sell or trade off that jolt wagon and get a spring wagon. Greatest invention of the age. Florence Second growth Hickory Wagons are now equipped with

Booster Springs

The Springs are under the sandboard, right on the axle, and positively remove all the jolt, jar and jounce from wagon, load and driver. We guarantee these springs to add 50 per cent. to the life of a wagon. We guarantee these Springs to add 1,500 pounds to the carrying capacity of a 24 inch Wagon. Some kind of a spring that you can use on C. and O. or C. and N. freight cars. Your neighbors say that they are worth \$25 to a wagon. Better try them and see. The Florence Farm Wagon has in six years endeared itself to the people of Mason county in an extent that is very gratifying to our competitors. True merit always wins. We are now on our third carload of these wagons since January 1st, 1898. This indeed a record that places the wagon in a class of its own. Remember, these Wagons are made of Pennsylvania Black Birch Hubs, every spoke in every wheel is made of a butt cut of Second Growth Hickory, every oxing is put in every hub by hand process without any wedges, every tire is put on cold, every inch of woodwork is dipped in hot linseed oil before being painted, the heaviest ironed factory wagon on the market, guaranteed the lightest running factory wagon on earth and warranted in every respect. Buy a Florence and get the best.

Molten Metal dripping from Boxcar No. 5522 testified to the temperature of the chairs with which it was loaded. Look at 'em!

Do you wonder that those hot bargains melted the iron on the chair on which they were hauled to Mayville?

25 dozen of these chairs, which you can have at \$2 15 for SIX. Don't pay the other fellows \$3 50 for them.

**SQUIDS IN SARIS.**

What Is Going On In and Near the Borders of Robertson.

Claid Calvert is slowly improving. Miss Dora Bratton is on the sick list. Misses Carrie and Annie Sult are quite sick. Mr. Dave Willett went to Mayville Thursday. W. T. Grover and daughter, Miss Ethel, have fever. There are eleven cases of fever in Sardis at this writing.

Miss Plagia Campbell and Billy Wheeler attended the Fair Friday. Mr. Charlie Tomlin and wife and Miss Plagia Bratton attended the Germantown Fair Friday. Frank Duncan and William Martin have dissolved partnership in the blacksmith business.

Mrs. Sam Manley and little son of Plainsburg went last week visiting friends and relatives in Sardis. J. B. Hendrickson and wife of Poplar Flat, Lewis county, were visiting Rev. Calvert of Sardis a few days ago.

Mrs. Meyers and daughter returned to their home in Cincinnati last Monday evening after visiting their friends in Mayville. Misses Carrie and Hens Peyton of Mayville were pleasant callers at the M. E. Parsonage in Sardis several days ago. Mr. Hilton Gifford and wife of near Sardis entertained last Thursday at dinner Rev. Redd and family and Mrs. Frank Wells.

Mrs. Charlie Tomlin and bright little daughter, Otis Shelton, in company with Mrs. L. A. Bratton, called at the M. E. Parsonage not long since. Bad colds and typhoid fever are all the go at Sardis. There are three cases of fever at Mr. Tatman's, the two old folks and the youngest girl. The two boys are mending. There are two cases of fever at Mr. Bill Wells's.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Henry W. Ray, adjoining Postoffice.

**FLOTSAM—JETSAM—LIGAN!**

NEWLY NOTES FROM NATURE'S GREAT HIGHWAY.

All along the Ohio is steadily falling. The Enterprise passed down with a tow of coal.

The Tornado passed up with empires for Pittsburgh.

The New Haven, with a miscellaneous tow passed down from Pomeroy.

Enough rain fell Thursday night in the Allegheny Valley regions to cause a rise of about a foot at Pittsburgh.

The Sam Brown, which passed here with 27 loaded barges for Cincinnati Thursday, passed up yesterday with a big string of empty barges.

The Raymond Horner on her down trip had 17 coalboats and 6 barges, bound for the Southern markets. She was turned back at Cincinnati with a tow of empties.

United States Inspectors of Steam Vessels Peers and Danmon concluded the investigation of the New South affair and from the evidence given decided that the Pilot, William W. Agnew, who was in charge of the steamer when the accident and panic occurred, was guilty of carelessness, and they suspended his license for sixty days. No charges were made against any other members of the crew.

**INTERESTING NEWS ITEMS.**

Failures for the week have been 179 in the United States against 223 last year, and 26 in Canada against 34 last year.

Friday's statement of the condition of the treasury shows: Available cash balance, \$108,001,473; gold reserve, \$10,020,055.

Gen. Gobin said Friday that he had received no orders looking to the movement of troops at Camp Alger or their mustering out.

President Faure and Emperor Nicholas exchanged telegrams Friday in honor of the first anniversary of M. Faure's visit to Russia.

President McKinley has written a letter congratulating the army and navy Christian commission on its work among the soldiers during the war.

Commodore Higginson, Capt. Taylor, of the Indiana, and Chief Engineer Sutter Friday began the work of inspecting the naval vessels assembled in Hampton Roads.

At New York more than six hundred clock-makers resumed work Friday, having secured desired concessions in regard to an increase in the wage scale as well as a reduction in the daily hours of labor.

A special to the Leader says the Northville house, one of the largest in the State at Northville, N. Y., a summer resort, is miles north of here, was destroyed by fire Friday.

At Norfolk, Va., John Anderson, who was to have been hanged Friday for murders committed on the schooner Olive Tucker, has been reprieved until the fourth Friday in October.

As a result of experiences in the Hispano-American war the new German battle ships now in course of construction will be permanently constructed instead of 28-centimeter guns.

Miss Winnie Davis, daughter of Jefferson Davis, is seriously ill at the Rockingham, Narragansett Pier, R. I., where she has been confined to her bed several weeks. Mrs. Davis is at the bedside of her daughter.

President McKinley has accepted the invitation to attend the peace jubilee to be held in Chicago in October. He will possibly be accompanied by Lyman J. Gage, secretary of the treasury, and John D. Long, secretary of the navy.

By the explosion of the boiler of a threshing machine on the farm of J. F. Kirk, near Eugene, Ore., one man was killed, two fatally and several others more or less hurt. The boiler was old and the steam gauge was out of order.

W. E. Dodge, of Lowell, Mass., rode a mile on the boulevard in 1:40 1/2 Friday, thus breaking the world's record for a mile paved road race held by Ferguson, of the Boston Herald, at 1:52 1/2.

Local consuls of the U. S. certify to the record.

The imperial ministry of the interior, by a circular to the different provincial governments, has drawn attention to the fact that American wheat flour is frequently mixed with corn and asks that steps be taken to prevent the importation of such flour.

Alexander, a pupil, died at the Norwegian hospital, New York, at 6 o'clock Friday morning, of uraemic convulsions, brought on by his exertions in his fight with Tommy Hunter at the Greenwood Athletic club, Brooklyn, Thursday night.

Dr. Wyman, surgeon general of the marine hospital service, has received official information that a case of suspected yellow fever exists at the military post at Port Jervis, near Galveston, Texas. A declaration of opinion as to whether the case is yellow fever exists among the physicians.

George Engle and Peter Elmiston, who left Riverside, Cal., four days ago to prospect on the Colorado desert, have not since been heard from. The men went from there to Santiago and there started on their perilous trip. The belief is general that both men have perished.

Willing to stay in the Service.

FRANKLIN, Fla., Aug. 27.—The report that the men of the 54 U. S. V. I. desire to be mustered out is false. The regiment is willing to abide with the decision of the war department.

**Extending Furloughs.**

WASHINGTON, Aug. 27.—An order has been issued by the war department extending the furlough of volunteers given leave of absence for 30 days to 60 days.

**THE MARKETS.**

CINCINNATI, Aug. 28.
